TRANSFORMING ADVISORY LED EXECUTIVE SEARCH

ENGINEERING VALUE
PREDICTING SUCCESS

At Level 5, we collaborate with technology companies to build teams who fuel meaningful transformation. Success isn't just about growth—it's about having the right talent to drive that growth forward.

We specialize in identifying and placing leaders who combine exceptional technical expertise with cultural alignment, strategic agility, and the ability to lead confidently through disruption and change

- **Competencies**

Align job requirements/description with the organization's Leadership Competency model.

- **Behavioral Interviewing**

Design, deliver and administer behavioral interviewing Rubric and scoring summary to calibrate and standardize interviewer rating.

- **Assessment**

Expert analysis of candidate's Hogan results interpreted within the organizational and role context. Features and on boarding risk.

- **Candidate Research**

Board Level research: Level 5 Partners knows that "check-the-box" general background checks do not always tell the entire story. Our research goes beyond traditional inquiries

- **Candidate Interview**

Our curated library bank of questions will be carefully tailored to each client and specific project.

- **Integration & Cultural Snapshot**

- Reference Hogan results obtained through pre-hire assessment
- Multi-month integration road map

For over 20 years, Level 5 has been refining the transactional nature of executive search and working to deliver a transformational shift toward a stronger, more committed workforce. Our single goal is to increase retention and foster a culture of excellence through how we provide talent and advisory services.
